

Three-Year Disclosure of Raw Materials Used by Type

Material	Unit	Y2023	Y2024	Y2025	Remark
Structural Concrete	Metric ton	1,028,152.33	542,091.60	679,260.73	
Reinforcing Steel Bars (Rebar)	Metric ton	32,145.81	14,328.86	24,176.19	
Welded Wire Mesh	Metric ton	10,068.82	3,894.41	6,618.61	
Precast Concrete Floor Slabs	Metric ton	11,549.06	5,299.77	7,217.88	
Mortar	Metric ton	262,044.55	149,717.40	153,786.15	
Autoclaved Aerated Concrete (AAC) Blocks	Metric ton	156,292.63	64,197.35	89,493.33	
Ceiling Framing System	Metric ton	1,088.60	850.47	1,122.62	
Gypsum Board	Metric ton	4,402.74	3,439.64	4,540.33	
Architectural Paint	Metric ton	782.38	592.71	743.26	
Tiles	Metric ton	28,073.70	16,530.87	19,731.20	
Concrete Roof Tiles	Metric ton	20,829.00	10,885.30	11,794.80	
Total raw materials used	Metric ton	1,555,429.61	811,828.39	998,485.09	

*** Reporting boundary:** The data covers selected construction materials used by AP (Thailand) Public Company Limited, The Value Property Development Company Limited, and Asian Property Company Limited only.

Calculation methodology: Material quantities were compiled from material withdrawal records. Where materials were purchased in units other than weight, quantities were converted into metric tonnes using standard product weights or supplier specifications.
